

# Project Summary

## OLD NOARLUNGA

### Bosworth St South Australia

Services provided include Town Planning  
Urban Design, Surveying, Civil Engineering

**Description:** Land Development (30 allotments/30 detached dwellings)

**Site area:** 1.42Ha

**Client:** Qattro

**Timeframe:** 1 year

**Fyfe land services team  
undertook survey,  
planning & civil  
engineering activities for  
the Bosworth Street  
development**

Fyfe Pty Ltd land services team undertook the complete urban planning work for the project, including preparation of the land division layout, master plans, lodgement and monitoring of planning applications. Our engineers undertook a full engineering design and construction of all relevant infrastructure associated with the subdivision.

Fyfe has worked in partnership with the architects and builders to project manage the construction of 30 single storey detached dwellings whilst facilitating the development objectives through developing productive and co-operative working relationships with planning authorities, government agencies and stakeholders.
