

SURVEY WORK

Fyfe JMA is a Northern Territory industry leader in survey work

Company Overview

Fyfe JMA, previously known as J Matthews & Associates Pty Ltd, is now part of Fyfe Pty Ltd, a national survey, planning and engineering consultancy. Fyfe JMA, operating offices in Darwin and Alice Springs, has been working in the Northern Territory for over 20 years and during that time, has seen significant growth on the back of major developments in the resource and property industries in northern Australia.

Fyfe Pty Ltd is an engineering consultancy and survey company with its head office in Adelaide, South Australia and major offices in Brisbane, Queensland and Darwin, Northern Territory. The Fyfe group currently employs more than 200 people located in eight offices throughout Australia – Adelaide, Brisbane, Darwin, Alice Springs, Moomba, Ballera and Roma. Fyfe's other companies include MJ Hedges Geomeasure Pty Ltd, a fully owned affiliated Queensland survey and GIS company and Gilbert & Associates Pty Ltd, a civil engineering company.

Property Development Resources

Fyfe JMA has 14 staff working in the Darwin office, including 5 licensed surveyors. Fyfe JMA also has access to another 40 surveyors and support staff including survey drafters throughout Australia to assist with the work in the Northern Territory. Fyfe as a company has maintained ISO 9001 qualification certification since 1994 to ensure clients are provided with high quality services. Fyfe recognises that excellence in occupational health, safety and welfare is a priority in the day to day activities and work practices of the company. Fyfe has an excellent safety record.

Fyfe has more than 20 fully equipped survey vehicles available for field operations in Australia. Surveyors use the latest technology and survey collection equipment including robotics and dual channel GPS. Fyfe has also invested in a number of software applications including AutoCad, ArcView, Mapinfo, Cad Overlay, AutoCad Map, Infrasoftware, CivilCad and Carlson.

Property Development Services

Fyfe JMA can provide the following survey services for rail lines, water lines, powerlines, petroleum pipelines, resources and land developments:

- rural and urban cadastral surveys
- lease surveys
- initial route selection and collection of risk assessment data
- easement surveys
- GIS and mapping services and data management
- topographical surveys
- engineering set out surveys
- photogrammetry ground control

Current and Completed Projects

Fyfe JMA has had extensive survey experience in the Northern Territory over the past 20 years. Major survey projects completed in recent years include:

- Alice Springs to Darwin railway for Adrail
- Stuart and Victoria highways realignment for the Department of Planning and Infrastructure
- Gove aluminium plant surveys for Nabalco and Alcan
- Darwin Middle School Complex for Halikos
